

Dear Madam/Sir,

atmosfair gGmbH is pleased to invite you to join the Local Stakeholder Consultation for its improved cookstove Programme of Activities (PoA) named

“Improved Cooking Stoves for Nigeria Programme of Activities”

which is seeking for renewal of its Design Certification under the Gold Standard.

The mission of the PoA is to enhance the penetration of efficient cookstoves by offering cost-effective efficient stoves. The carbon revenues are utilised to recover the balance of costs. The PoA also seeks to encompass other important socio-economic-environmental benefits that are an integral part of a cook stove program, such as women’s health, women livelihood, rural employment generation etc.

The main objective of the consultation is to share the details of the proposed project and solicit opinions from you about how we can make the project more meaningful and contributive to different kinds of stakeholders.

We invite you to comment on the design framework of the PoA by email. You may refer to the attached Key Project Information (KPI), including a diagram representing the organizational structure of the Programme, the terms of inclusion of project activities under the PoA and some pictures of the envisaged main applied technology. You may make use of the attached feedback forms. Please feel free to spread the KPI and the attached feedback forms for more feedback.

In addition you may also refer to the information given on the relevant project websites:

- Gold Standard Registry: <https://registry.goldstandard.org/projects/details/1215>
- UNFCCC: https://cdm.unfccc.int/ProgrammeOfActivities/poa_db/7R1B09HSJV3FKIZYCA4D6XQOETP5GN/view
- atmosfair project homepage: https://www.atmosfair.de/en/climate-protection-projects/energy_efficiency/nigeria/

This round of the Local Stakeholder Consultation for the project is open for one month after receiving this mail. So please send your feedback till 03.05.2020 to atmosfair (Mrs. Katrin Mikolajewski; mikolajewski@atmosfair.de). In addition, you may contact the Gold Standard: info@goldstandard.org.

We are looking forward to receiving your comments.

Yours Sincerely

Katrin Mikolajewski
